Re: F-2020-0162  
U.S. Army Corps of Engineers/New York District Permit  
Application – Indian Island Wetland Restoration – Suffolk  
County Department of Public Works  
Dredge channel between Terry's Creek and the interior of the  
park. A total of approximately 5,100 cubic yards will be  
excavated and will be placed adjacent to the channel as a  
berm. Additional 2,170 cubic yards of select fill will be used  
to cap the berm and 1,765 cubic yards will be used to cap the  
bottom of the proposed channel. Native wetland species will  
be planted within the channel and the top of the berm will be  
stabilized with topsoil and hydroseed. Installation of a 6' by  
6' culvert will occur under the existing roadway.  
Indian Island Park, Town of Riverhead, Suffolk County,  
Terry's Creek  
**Concurrence with Consistency Certification**

Dear Keith Masseria:

The Department of State has completed its review of your consistency certification regarding the consistency of the above-referenced activity with the New York Coastal Management Program.

Pursuant to 15 CFR Part 930.62, and based upon the project information submitted, the Department of State concurs with your consistency certification for this activity. This concurrence is without prejudice to and does not obviate the need to obtain all other applicable licenses, permits, or other forms of authorization or approval that may be required pursuant to existing State statutes.

Sincerely,

Gregory L. Capobianco
